Meeting Minuets

The meeting was called to order at 6:00 PM. Along with the regular membership we have one new member, Russ Vara from Fairfield Glade, and one visitor, Kenneth Walker from the Cookeville club.

Jon reminded everyone that Mark St.Ledger will be here on Saturday, July 10th. The demo will begin at 9:00 AM and extend into the afternoon, with a break for lunch. Some seats are still available. The cost for club members is \$20.00 and \$25.00 for non-club members, which also includes lunch. A discussion was held and the final decision was that lunch will be hot dogs, baked beans and chips.

The fall picnic was discussed and Jon asked for ideas on who we can get locally, Tennessee area, for the demo. As a reminder there will be activities for spouses or significant others who attend. He is also looking for suggestions for a Saturday date in October.

In August we will have our annual auction. Start getting items ready.

A motion was made and passed to change our raffle drawing procedure. The ticker owner will keep his copy of the ticket and place his stub on item he would like to win. The winning ticket will then be drawn from those tickets on each item. If five people place their tickets on one item, then one ticket will be drawn from the five for the winner. If no tickets are placed on an item, then after the raffle anyone can claim that item. After the raffle, all ticket subs will be collected and one ticket will be drawn for the wood of the month. I believe Dennis volunteered to make bowels for the tickets??

A discussion was held about using some of the club money to provide educational scholarships. It was decided to table this discussion until the next meeting so that everyone has time to organize their thoughts as to how this can be managed.

A motion was made and passed to purchase a larger flat screen TV to be mounted on the right rear wall of Les's shop.

Our own Randy Trentham did the demo this month. Randy showed us how to turn a two-part Urn. Instructions for this project can be found on the club website under TIPS.

The club needs a new librarian. Anyone interested please contact Jon Reiver at 423-881-4683.

The following names have been removed from the club roster due to non payment of dues: Paul Benzier, Tom Kuhn and Tom Race.

Safety Tip Of The Month:

Always check the stock you're preparing to cut for any metal (nails, screws, staples, etc.) before beginning a cut. Nails and rapidly spinning saw blades are not a good mix. Not only can this damage the cutting head and the stock, but at the very minimum, can cause the stock to kick back, which is a common cause of injury. Inspect the stock (or better yet, use a metal detector) before cutting.
