Meeting Minuets:

The October monthly meeting was called to order at 6 PM by club president Gil Buffkin. Attending were 2 guest and 23 members. Old business discussed was the art show in February at Fairfield Glade. A motion was made and passed to proceed with this event. Also an art show in Cookeville was talked about. Paul Todd and John Lucas are to check into these events.

Rod Smith notified us that the Christmas Party will be on December 11th (6 PM) at his home. Directions to his house are on page three. He also informed us of the date to set up the Christmas tree at the 1st. National Bank is December 1st at 8AM.

The membership agreed to move the November meeting up to the 18th. since our meeting date falls on the evening before Thanksgiving.

The demo this month was on the Rose Engine given by Jon Reiver and Bob Cummins

Challenge Of The Month was voted on and won by Les Black. The raffle was held and the meeting was adjourned.

Monthly Demo: The October demo was on the use of a Rose Engine and how to embellish various turnings. Jon gave us the history of the Rose Engine and Showed how to use it for different applications.

Different patterns are achieved by using one of the twenty-three cams supplied with this brand of rose engine. This model rose engine is based on a Jet Mini Lathe. Jon explained that patterns and parts for a rose engine, designed by John MaGill, and made of MDF can be obtained from our club web site (cumberlandwoodturners.com) on the "Tips" page.

Safety Tip Of The Month: Be aware of the unhealthy dust problems of the different types of wood. A chart is available in our club web site under the “Tips” page. Always wear a dust mask of some type when sanding.
