Drue Hogland Demo

By Drue Hogland

Drue Hogland presented the background on the purpose of the Beads of Courage Boxes and also told the club how they are presented to children in the hospital. He went on demonstrate an easy way of making them using a multi layer method, he stressed that that the wood used needs to be dry and not wet. He also told the club that the kids prefer boxes that are colored, so by using wood like Poplar it makes it easy to turn and color. Good job Drue.
