Reminder that every Tuesday at 8:00 AM, we will meet at Grinders Coffee Shop on Main Street. Rod Smith will send out an E-Mail each week as a reminder.

Reminder that Housekeeping at Les's shop is important. It is nice to have such a facility. If everyone would pitch in after the Demo and put chairs away, sweep up the chips, and help put back tables.

Tom Neckvatal has wood for the members. If you would like some, contact Tom

Also, there is a large Hickory tree available. See Angela and bring your chain saw.

Dan Sauer is the Christmas Ornament Co-Ordinator this year. Bring in ornaments any time. Dan wants to tag and price them as we go, rather than wait until the end of the year and price and tag hundreds.

Tom talked about the hands on workshop at Arrowmont in April 8-10, 2022. There are a couple of openings. Cost is \$100.00 for non members of the Smoky Mountain Woodturners. Contact Jake Niedling for info.

Makers Space at Rhone State Community College is in need of volunteers to teach newcomers or novices at the college. If you are interested, See Tom Neckvatal.

There will be an article in the AAW Journal, June issue, about Cumberland Woodturners.

No old business was discussed.

Under New Business,

A set of woodturning tools has been purchased for club member use. Some of the new members can use these tools to get the feel of each kind of tool. They will be available at the workshop each month.

Annual dues are accepted for next year, 2022. Dues are still \$30 for individual and \$45 for a family membership. The roster will be updated this April.

In the club cabinet, the club has supplies for sale. Items such as CA glue, Epoxy, Debonder, Accelerator, and sandpaper.

Beads O Courage Boxes and Wig Stands are back in need. Bring them to the workshop or to the next meeting. All are appreciated.

Les Black has some of the Logo beads for BOC available.

We still have several openings for refreshments for the coming months. See Larry Lewis or Rod Smith if you would be willing to bring in some refreshments. Thanks to all who have volunteered.

### Safety Note

**Larry Lewis is still missing but John Lucas and Tim Audette filled in. John talked about being careful with gouges. They are very sharp and can cut without notice. He has 7 stitches in his arm, so be careful.**

The AAW Safety Booklet is posted on our website, along with other safety tips.

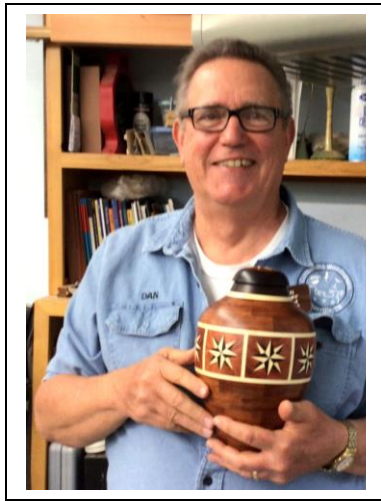

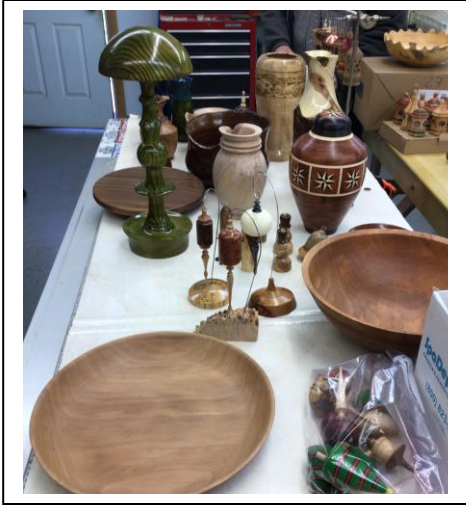

## Demo On Making Something From Something Else by Tom Neckvatal

---

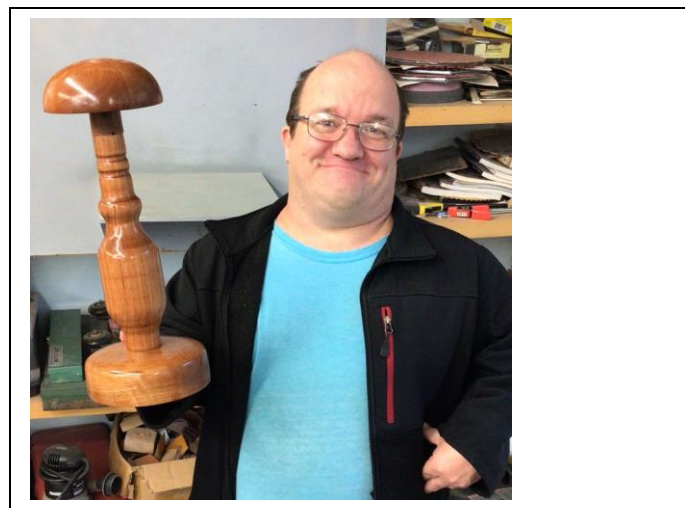

Tom gave an interesting talk about using left-over pieces, scrap wood, and misc items. By putting different pieces together, you can come up with an entirely new piece. One example was to make two shallow bowls and glue them together creating something entirely new. You are only limited by your imagination.
