Mentors:

(Mentors are available to help anyone, any skill level, just call).

John Lucas: 931-858-2846

Jon Reiver: 931-267-2575

Rod Smith: 931-267-3859

Les Black: 931-267-5184

Club Meetings: Last Thursday of each month No Meeting in December)

at: 6 PM CT (Social Hour at 5 PM)

Location: 1432 War Eagle Dr, Crossville, TN Includes a demonstration.

Hands on Training: Les Black's Shop 1432 War Eagle DR, Tansi TN). 2nd Saturday each month 9 AM to 11 AM CT (Training for all skill levels)

Next workshop December 10, 2022

March 30, 2023

Demonstration: Drue Hogland

.Refreshments: Vince Grilley

Mystery Box Winner was Alex Horony. He won a beautiful piece turned by Eric Winkler.

The challenge for February was to make a Three sided something. There were several good entries. The winner was Les Black. Nice job Les.

The challenge for March is to make something sanded (well).

We had 39 members and 2 guests present, Dave Mumford and Cliff Cox..

Meeting Minutes:

Treasurers report: Our balance is: Near \$4407.75

Reminder that every Tuesday at 8:00 AM, we will meet at Grinders Coffee Shop on Main Street. Rod Smith will send out an E-Mail each week as a reminder.

Reminder that Housekeeping at Les's shop is important. It is nice to have such a facility. If everyone would pitch in after the Demo and put chairs away, sweep up the chips, and help put back tables.

Dan Sauer agreed to stay on as the ornament coordinator for another year. However, if anyone would like the job he would be willing to train.

Gordon Sloane donated a drill set for the auction. Thanks, Gordon.

There is still a need for Beads Of Courage boxes and Wig Stands. Les Black has Beads for the BOC boxes. Thanks to all those who have contributed. Also, we need Wig Stands for the hospital Cancer Center. All gifts are greatly appreciated.

Jon Reiver gave a brief report regarding the audio/visual replacement. John Lucas is making a portable boom for the camera setup. Thanks guys.

Angela Witzel invited the club to participate in the spring Art Festival being held on May 19 & 20, 2023. The club accepted the invitation. There will be no charge to the club. Members can purchase their own tables. Bruce Manning will be coordinating the event. Please see Bruce for the sign up sheet to volunteer to man the booth. All proceeds from the Festival go towards the ornament fund. Please bring in donated items for the festival.

Larry Lewis has the sign up sheet for this years demonstrators and refreshments. Do not wait too long to sign up. You do not want to miss your opportunity to demo.

Makers Space at Roane State Community College is looking to volunteers to train people on the wood Lathe. See Tom Neckvatal for details.

In the club cabinet, the club has supplies for sale. Items such as CA glue, Epoxy, Debonder, Accelerator, and sandpaper. We now have a supply of the CA glue that Mark Sillay sells. The bottles are \$34.00 and the Accelerator is \$12.00. We are adding the small cardinal birds for sale.

No old business was discussed

New Business,

Anyone interested in going to the AAW Symposium in Louisville, please contact Tom Neckvatal. If we can get ten (10) participants, we can get a discount on the registration.

The article that was in the Crossville Chronicle was passed around for the people do not get the paper

Discussion was had on finishing. We will be having discussions and demos on finishing at our monthly workshop, held on the second Saturday of the month at 9 am at Les Black's shop.

Please visit our club WEB Site www.cumberlandwoodturners.com. There is a list of Up Coming Events and Tips and Projects from our demos and other sources.

Safety Note

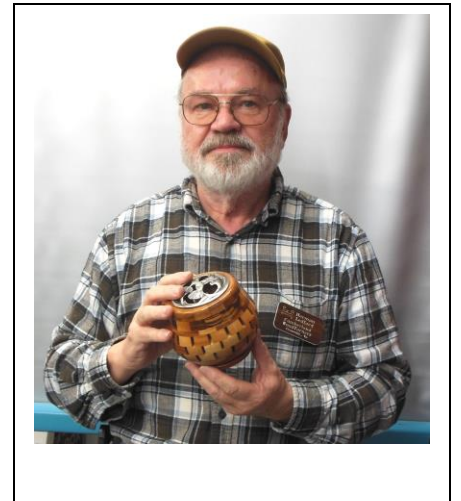

Larry Lewis talked about tool safety. Please read the owners manual. Also, use sharp tools. Turning is a lot safer that way. Discussion was had on the use of Angle Grinders with chain saw disks. Always ground the dust collection systems. Dust can explode.

Also, our WEB site has a section on safety.

The AAW Safety Booklet is posted on our website, along with other safety tips.

2023	Demonstrations	Refreshments
January	Steve Sullentrup	Les Black
February	John Lucas	Kevin Nisiewicz
March	Drue Hogland	Vince Grilley
April		Bob Shepherd
May		Tim Audette
June	Larry Lewis	Jon Reiver
July	Jon Reiver	Robert Kohle
August		Ken Warrick
September		Rod Smith
October	Dan Sauer	Jonnie Franklin
November		
January 2024	Steve Sullentrup	Les Black

SHOW AND TELL

SHOW AND TELL

JOHN LUCAS-SANDING AND FINISHING

John did an excellent demo on the art of sanding, removing tear out and finishing. He told how to spot the tear out or scratches by using a light source. A soft light like the sun or the white umbrella hides flaws while a sharp light will show the defects. John discussed the various sandpapers, sanding disks, and abranet. Hard back sanding mandrels are good to start with (coarser grits) and soft back mandrels are good for finish sanding (finer grits).

John showed the different methods of power sanding, angle sanders, air sanders and angle drill motors. Also, how to make your own sanding devices like a dowel with Velcro on it.

John showed how to fill a small void or tear out with CA glue and sandpaper.

Two sources that John mentioned are: Vinceswoodnwonders.com and Thesandingglove.com.
