 month is turning a Top. We had 5
 entries and the winner was: Garron
 Reichers. The challenge for next
 month is turning a tool handle.
 Handle.

Out do John Lucas!

We had 1 new member
 Bruce Manning-Welcome

Club challenge: Turn a Tool Handle!

Meeting Minutes

- **Next Meeting: Grace Community Church 2125 Miller Ave Crossville, TN. Thursday 6 PM, 30 September (Social Hour 5 PM)**
- Saturday Workshop, (10 OCT 20) remains Les's Shop (1432 War Eagle DR)
- There were 30 members and guests.
- We had 17 entries in the bowling pin challenge and raised \$882 to be donated to Kids on the Rise. Well done!!
- Pickup items from the library **Wednesday 30 September at 10 AM.**
- Coordinate with Steve Sullentrup (865-776-3649) to setup to display items at Art Center on **1 October 4PM**
- Treasurers report: Our balance is: \$4235
- Fall Picnic is cancelled. David Ellsworth demo in October at the club is cancelled.
- The next club challenge with Dogwood Exchange: Let the president know if you have any ideas on medium (Bowling pins were last one) The challenge will probably occur after the first of next year.
- The bank Christmas Tree sale is cancelled. We will have a Dogwood Exchange Christmas Tree. We are open to having one at the Village Green in Fairfield Glade for the first three weeks of December. We would need volunteers to man this one, 10 AM-3 PM Tuesday through Friday. Let our President know if you wish to volunteer. We will have a price and tag event at Les's workshop to get ready. Time to be announced latter.
- We received an email from aswoodturns@gmail.com to enter photos of Christmas ornaments for a challenge. The club with the most entries gets a free remote demo. See their website: www.aswoodturns.com/challenges for more details.
- We encourage all members to visit the website: www.cumberlandwoodturners.com
- A complete list of club officers and coordinators for events can be found at the sidebar on page one.
- We need correct email addresses for Bill Hahn, Frank Robertson. Contact The secretary, Jon Reiver with your information. jreiver@me.com

Safety Notes

Use the safety guards that come with the tool, such as the safety guard on the table saw, and stay alert.

The AAW Safety Booklet is posted on our website.

John Lucas Demo on Turning & Fluting a Tool Handle

John Lucas gave an informative demo on turning and fluting a tool handle.

Turn or buy a soft metal ferrel.

Drill the hole for the tool in your blank. Typical handle length is 16 inches.

Mount your handle between centers with the hole at the tailstock and turn the thickness for the ferrel at the tailstock end. Use calipers to get the thickness correct. You can use a cone shaped live center.

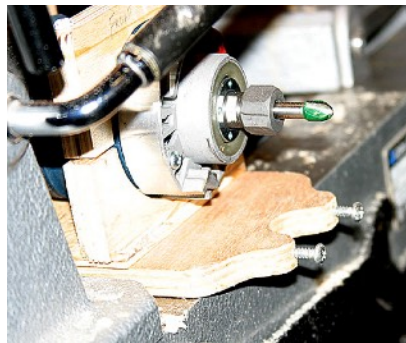

Make a jig to hold your mini-router. Make a table with guide that fits on your banjo to place the router jig on. (see photos).

Use your built in index system or attach an index system to the headstock end for fluting.

Ensure your router cutter center is at the proper height (dead center). You can use PVC spacers to insure the height doesn't change.

Determine how many flutes to make (8 was used)
Make the flutes, ensuring you rotate your lathe the proper number of index holes. Try to start and stop each flute at the same distance along your handle.

Cut a relief at each end of the flutes. Have Fun!

2020	Demonstrations	Refreshments
January	Larry Lewis Lidded Box	Les Black
February	Tom Neckvatal Epoxy Turning	Gail hagenbach
March	John Lucas Reverse Turning	Ken Walkers
April	Charles Jennings Slow Turned finishes	Garron Riechers
