Meeting Minutes:

Treasurers report: Our balance is: Near \$4000.00

Reminder that every Tuesday at 8:00 AM, we will meet at Grinders Coffee Shop on Main Street. Rod Smith will send out an E-Mail each week as a reminder.

Reminder that Housekeeping at Les's shop is important. It is nice to have such a facility. If everyone would pitch in after the Demo and put chairs away, sweep up the chips, and help put back tables.

Our total ornament sales was \$15976.04. We decided to give each charity \$8000.00. Present for the donations were Denise Melton of House of Hope and Pam Buris of Kids On The Rise. Denise and Pam provided a brief overview of the services that they provide. Thanks to all who made ornaments and volunteered to help. Tom gave a breakdown of the actual income stream.

Drue Hogland donated several items to be auctioned off for the club. Thanks, Drue.

There is still a need for Beads Of Courage boxes and Wig Stands. Les Black has Beads for the BOC boxes. Thanks to all those who have contributed. Also, we need Wig Stands for the hospital Cancer Center. All gifts are greatly appreciated.

Tom gave a brief report regarding the audio/visual replacement.

Angela Witzel invited the club to participate in the spring Art Festival. The club accepted the invitation. The festival will be May 19th and 20th. There will be no charge to the club. Members can purchase their own tables.

We may be contacted by Barrett Farms of Jamestown to present woodturning demos at their Art Festival. We will keep you informed, as demonstrators will be needed.

Larry Lewis has the sign up sheet for next years demonstrators and refreshments. Do not wait too long to sign up. You do not want to miss your opportunity to demo.

In the club cabinet, the club has supplies for sale. Items such as CA glue, Epoxy, Debonder, Accelerator, and sandpaper. We now have a supply of the CA glue that Mark Sillay sells. The bottles are \$34.00 and the Accelerator is \$12.00

SHOW AND TELL

SHOW AND TELL

STEVE SULLENTROP—THREE SIDED BOWL

Steve started by showing how to make a perfect cube. From there came the mounting in the lathe. He showed how to introduce the tool to the wood. Be careful, as there are sharp points spinning around.
